

HONSEN

Liuzhou Hongsheng Collagen Casings Co., Ltd., established in 2006 under ZXCHEM GROUP, operates the HONSEN brand collagen casing plant in Luorong Industrial Park, Liuzhou, Guangxi, China. With over 18 years of expertise, HONSEN produces 400 million meters of high-quality edible collagen casings annually for sausages, including hot dogs, chicken, and breakfast varieties. Recognized as high-tech green food by the State Science and Technology Commission, HONSEN casings ensure safety, versatility, and cost-effectiveness. Certified to ISO9001:2015, ISO22000:2018, and HALAL standards, HONSEN guarantees consistent quality and tailored global customer support, guided by its motto, "Quality assurance, commitment fulfillment."

Brief Introduction

Edible smoked and cooked casings are made of natural animal collagen of high quality for the manufacture of processed sausage. They are suitable for various types of western style of filling small caliber sausage, such as Taiwan flavour sausage, hot dog sausage, chicken sausage, breakfast sausage, etc.

Size

Caliber(mm)	Packing Details
10-15	Rolled (500m per roll)
