

Rice Bran Wax (Refined)

TECHNICAL DATA SHEET

Rice Bran Wax (Refined) refined plant wax for professional ingredient formulation and manufacturing.

CAS No.	8016-60-2
Source	Rice bran
Physical form	Light yellow pellets

Product Information

Refined rice bran wax is a light yellow pellet-form plant wax with a defined wax content and melting range. Crude and refined rice bran wax are separate materials with different appearance and oil content. The supplied grade is light yellow pellets.

The technical profile describes wax content, melting range and saponification value. These properties allow formulators to compare the selected grade with other plant waxes before defining their manufacturing and purchasing requirements.
